In the Arizona district, Mr. Wilson had the honor to lead all the other agents in his class, making a total of 255 per cent more than his allotment and leading his nearest competitor by 5 per cent on paid in business. From Denver he goes to Colorado Springs, before returning home, expecting to be absent about ten days.

Dr. C. L. Edmanson, Dr. C. F. Hawley, City Police Judge Frank Thomas, Peter Rossi, Deputy Sheriff A. W. Howe and a number of Mexican witnesses were in the city today from Bisbee having been called as witnesses in the case of the State vs. Miguel Alverado, which was on trial before the Superior Court today.

RETURNED HOME.

Mrs. Mary Costello returned to her home yesterday at Pasadena, after spending several days here with her son, Cecil, who leaves Friday morning from Douglas for Camp Funston, with the contingent of drafted men.

GONE TO DOUGLAS.

Mrs. Ed. Nevin, and daughter, Mrs. E. K. Springer, have gone to Douglas, where they will make their future home. Mr. Springer having secured employment there, for the present. Their many friends in Tombstone regret to see them leave.

A MISTAKE.

Some people labor under the impression that the third Liberty loan bonds are not negotiable. This is due to the fact that they confuse the word "nonconvertible" with "negotiable." "Nonconvertible" means that they cannot be exchanged for bonds of a future issue, but they are negotiable the same as any other negotiable instrument.

HERE THIS AFTERNOON.

Chairman J. N. Gaines of the Liberty Loan Committee in charge of the Bisbee and Douglas districts was a brief visitor in Tombstone this afternoon coming over on the afternoon stage. He is highly elated over the way the county is going in the sale of Liberty Bonds, and returned this evening to Bisbee to resume his duties, to which he is devoting his entire time.

HERE FROM PEARCE.

Judge Wm. Monmonier, of Pearce, arrived in Tombstone this afternoon and will remain here until tomorrow, having business before the Superior Court. Judge Monmonier is one of Cochise county's pioneers, and has many old time friends in Tombstone. He reports that Pearce and the valley will oversubscribe their quotas, and that Pearce will have at least two stars in their honor flag.

TANKS.

The state road department, with Colonel Cy Perkins in command, is running a line of tanks between the narrows and Tombstone. They have taken trench after trench and their outposts are nearly to the San Diego smelter site, thus leaving "No Man's Land," that strip of country between the San Diego wash and Alex McCargo's residence. The tanks that Cy runs are not the English battle kind but are tanks for the hauling of Huachuca water for use in concrete culverts on the new state highway and for the quenching the thirst of man and beast.

According to a telegram received at the office of Chairman A. C. Lockwood, of the Liberty Loan, in response to a letter sent Monday, the Honor Flags for Pearce, Tombstone and Bisbee, who have reached their Liberty Bonds quotas were today shipped from Dallas, headquarters for the Eleventh Federal District. When the three named cities had reached their quotas, Judge Lockwood immediately notified the department at Dallas, and as a result the flags have been sent and will arrive by Friday when the Liberty Day exercises are held, and according to present plans will be used in the Liberty Day flag raising.

The Standard Oil company of California has notified the Phoenix Liberty loan committee that it has taken, through a Phoenix bank, \$65,000 of the loan.

Tomorrow there will be no court, being a legal holiday, when the court and attaches will apply their time to the Liberty Bond campaign.

GAVE DINNER PARTY.

Mrs. John Rock last evening entertained a number of friends at a dinner party at her cozy home on 4th street, in honor of J. C. Dugest, one of Tombstone's boys, who departs soon for the aviation corps of the army. Those present were Miss Belle Gandy, Miss Emma Gandy, J. C. Dugest and Jas. Glacoma. Mr. Dugest left today for Washington, having received orders yesterday to depart at once.

FAREWELL PARTY**TO TOMBSTONE BOY.**

The home of Mr. and Mrs. Lee O. Woolery on Toughnut street was the scene of a delightful farewell party last night, tendered in honor of Cecil Costello, one of Tombstone's boys who leaves from Douglas tomorrow morning for Camp Funston with the draft contingent. The affair had been well planned and the Woolery home appropriately decorated for the occasion with flags and bunting. About twenty-four young people were present, spending the evening in music, dancing and games, followed by refreshments of ice cream, strawberries and cake. It was long past midnight when the merry crowd departed for their homes, voting Mr. and Mrs. Woolery jolly entertainers and wishing Mr. Costello Godspeed on his trip to training camp and subsequently "Over There." He left this morning for Douglas to report, and will entrain tomorrow for Funston. A number of local young people accompanied him to Douglas.

BISBEE, April 23.—It is not believed that any attention will be paid here by union workers to the strike order issued by Croff and the executive committee of the state federation of labor from Phoenix. The recently organized trade assembly, according to expressions by representative members, will ignore it for the reason that Gompers, superior officer of the national federation is against it.

I. W. W. AGENTS TRY TO**CHECK ARIZ. LUMBER OUTPUT**

FLAGSTAFF, April 21.—In the past fortnight a large number of I. W. W. emissaries have been active in the lumber camps of Coconino county, attempting to enroll the lumber workers and then to stop production. It is believed that they have had little success, as the lumber hands have been subscribing for large amounts of third Liberty bonds.

WAS IN BISBEE.

County Attorney J. F. Ross was in Bisbee yesterday, having official matters requiring his attention. He returned in the evening.

There was no court in the Superior court today, on account of the observance of Liberty day. The jury will report at 9 o'clock tomorrow morning, civil and probate matters coming up to be heard, while Monday the trial of criminal cases will be resumed.

In one of the windows of the Phelps Dodge store there is a display of work done by the school children of Tombstone, which is for the Red Cross. The work shows that the children were given careful instruction and is a credit to the schools of the county seat.—Review.

Deputy Sheriff Percy Bowden was in the city yesterday with a prisoner for the county jail. It was a Mexican who will be held to await the action of the Superior Court on a charge of burglary. He is the same Mexican who was recently shot by one of the police officers of Douglas a few days ago for resisting arrest. He was not dangerously wounded.

Division Engineer Cy Perkins is busy arranging for the removal of the road camp from its present site to the site of the Luten arch bridge near the old San Diego smelter. Engineer Douglas today ran lines to determine the shortest route to water and it was found that from the corner of 12th and Allen streets would be about 8400 feet and consequently pipe is being arranged to cover that distance. As soon as the pipe line is in commission Foreman Chadwick will remove his camp to its new location. Having water and supplies available with such a short haul will be an economic stroke for the road department.

Advices from Douglas are that W. E. Schwamm, was held to answer by Commissioner Beumler to the United States court on a charge of making pro-German remarks and was ordered held under a \$10,000 bail. Doan & Doan represented him. A. J. Meier, deputy county assessor, and Mose Klein and a merchant by name of Faber testified against the defendant. Meier said that last June when he asked Schwamm to buy a Liberty Bond, the latter answered, "Do you think I want to give my money for bullets to shoot down my own relatives?" Klein and Faber said they were near and overheard the conversation but did not distinguish the exact words said. There was a large crowd in the court room. Justice C. Daspi represented the government, and army officers and civilians showed much interest.

REGISTRATION FOR**COUNTY VOTERS**

The great register of Cochise county, for the registration of voters of the count preliminary to the fall election, will be opened on Monday, May 6th, according to an announcement made by County Recorder R. B. Krebs yesterday. The supplies for the registration including the great register and the various precinct registers have been received

at the office of the Recorder in Tombstone. The registration blanks, 35,000 in number, have been printed by the job department of the Prospector and will be delivered within a few days.

The law is conflicting, stating at one place that the registration books must be opened on May 1 and at another on the first Monday in May. The recorder believes that it is safe to take May 6 as the date as otherwise there might be some question as to the validity of the registration of those who registered prior to the first Monday in May.

Justices of the peace are ex-officio registration officers and in county precincts which have justices of the peace will register voters, with supplies to be sent by the county recorder, but registrars will be appointed to visit other sections of the county to register voters.

Mr. Krebs is making out a list of the appointments of those who will act as registration officers in the various precincts, which will be made public when completed.

What procedure shall be followed in registering Cochise county soldiers in camp and overseas will be determined by the special session of the legislature which meets May 21. That will probably be the first action of the extra session.
